On the night of October 17, two more schoolchildren were killed in a terrorist attack launched again by Armenia on Ganja. Orkhan and Maryam were siblings. Orkhan studied in the 6th grade of a full secondary school No.29 named after K.D. Ushinsky in Ganja, and Maryam studied in the 1st grade of that school. Their bodies together with the body of their mother were pulled out from the rubble yesterday.

As a result of the enemy's aggression, 6 of our schoolchildren have already been killed.

May God bless these kids and those who died in the Ganja massacre!
