The tree-planting campaign was held as part of the Green Marathon organized by the IDEA Public Union and the Ecology and Natural Resources Ministry on April 17.

Employees of the Ministry of Education also joined the action in Baku's Khojahasan settlement.

More than 650 trees of different species have been planted on 1 hectare with the participation of employees of the Ecology and Natural Resources Ministry, IDEA Public Union, the Ministry of Education and volunteers.

It should be mentioned that nearly one million trees are expected to be planted in the country this spring and autumn.
