M. Malahat Hajiyeva, Director of Department of deinstitutionalization and child protection, made a report on works done within the implementation of State Program for transferring children from public orphanages to families (deinstitutionalization) and alternative care in the Republic of Azerbaijan (2006-2015). She spoke about responsibilities and structure of the newly established Department. She also gave information on the goal of projects implemented in order to provide and protect the right of children to live in the family, as well as on Memorandum of understanding signed with the relevant state bodies. Moreover, she noted there was established the Coordinating Committee to provide the fruitful execution of projects for Creation of a mechanism for transferring of children to families and surround them with the alternative care, and "Development of the Foster Care Co-operative model and family type's services between local authorities and nongovernmental organizations."

M. Hajiyeva said that the 9-month retraining courses were organized at the Baku Skill improvement and Retraining Institute of Pedagogical Cadres in 2010-2011 academic year to prepare social employees working with families and children. Moreover, 22 workers of state child institutions were involved in these courses. She also noted that there were created Rehabilitation - Development and Day Care Centers, and talked about works done in these fields, as well as measures implemented with several state bodies to prevent child abandonment. After, she gave broad information on collaboration with international organizations, and activity of Child Hotline Service. Furthermore, M. Hajiyeva talked about responsibilities for 2011.

Further, Faig Shahbazli, Director of Department of textbook and publication, made the report on works done by the Department headed by him. He informed on workers of the department, their responsibilities and works, done in accordance with the work's plan. Moreover, he talked about the provision of schools with textbooks and learning materials, establishment of Working Group on disciplines to prepare publication and edition of textbooks, preparation of purchasing agreement on publication and distribution of textbooks, and organization of their execution, as well as other issues in this direction.

He noted that according to the Textbook policy, General Education Concept ((National Curriculum)) in the Azerbaijan Republic, and Procedures for publication, printing and distribution of textbooks, textbooks and learning materials for II, III, VI and VIII-XI grades were discussed and their list was defined by taken into account the number of pupils studied in the country's schools, as well as in the schools with Azerbaijani language teaching located in Georgia and Dagestan, and Sunday schools in the foreign countries. He also noted that in accordance with the executive order of the Ministry on Improving the work for publication of textbooks, the Working Group consisting of 133 practical teachers of different disciplines was established; the views and suggestions of school teachers for textbooks were discussed with the participation of department employees, authors, scientific editors and publishing editors. Additionally there were done fundamental works to improve the textbooks.

F. Shahbazli underlined 127 textbooks and learning materials for teachers in 4634637720 copies were published and distributed to the regions. He also talked about applications and letters received by the department during the last year, as well as have talked about other issues. At the end he noted responsibilities of the department for 2011.

There were answered to questions and heard suggestions of participants connected with the report at the meeting.

---

At the end, Education Minister, Misir Mardanov, gave its recommendations for future responsibilities.
