The children of the martyrs who participated in the Zafar (Victory) camp at STEAM center in Guba, organized by the Ministry of Education with the support of the Public Union Zafar (Victory) for support to martyrs' families, shared their impressions of their pastime.

According to the students, they really enjoyed the camp, where they learned a lot of new and interesting things, made a lot of new friends, and learned lessons from the STEAM program.

Here they learned how to print on a 3D printer, coding, and they also had sports competitions and chess games, which the children also liked a lot. Along with the classes, the students really enjoyed the museums and historical sites in the Guba district.

The camp, which will last until July 31, is attended by 74 students from all over the country.
