

---

Having warmly welcomed the guest Education Minister talked about bilateral relations between Azerbaijan and the Netherlands, as well as prospect of expanding collaboration in the education field within these relations. The Minister noted the importance of various meetings, symposiums, scientists exchange to develop the cooperation in the education field, and underlined that the Embassy of the Netherlands could make contribution to this work.

The Ambassador has thanked the Minister for the warm reception and underlined the Kingdom of Netherlands attaches a great importance to the educational ties with Azerbaijan. Noting that his country extensively developed areas such as medicine, agriculture and business management, he made a proposal for cooperation in this field. The Ambassador emphasized the desirability of cooperation between universities of two countries in the research area and spoke about the work done by the Netherlands for the effective use of ICT in education.

At the meeting, the sides talked about participation of the Netherlands in international exhibitions held in Azerbaijan in the education area, organization of mutual visits, and expressed belief in further strengthening bilateral relations.
