

---

Education Minister Misir Mardanov warmly welcomed the guest and noted the existence of a fruitful relationship between Azerbaijan and Ukraine and also stressed the special role of education in these relations. The Minister underlined the feasibility of further development of bilateral relations and noted the importance of widening the cooperation among universities, as well as in the secondary education field.

The Ambassador has thanked the Minister for the warm reception and noted he has been informed on the development of Azerbaijani education. He talked about universities of Ukraine, noted their achievements in the personnel training field, and emphasized the feasibility of cooperation in the relevant area.

Noting mutual relations existed between universities of Azerbaijan and Ukraine, the Ambassador emphasized the special role of Baku Slavic University in these relations. A. Mishenko talked about the organization of mutual visits of education workers and put forward some proposals in this direction. According to the guest, reforms implemented in the secondary education field of Azerbaijan had a positive impact on the quality of education and hailed the work experience of Baku European Lyceum, which according to him responds to the highest criteria.

Misir Mardanov noted existence of wide opportunities for the creation of closer bonds between universities and feasibility of creating conditions for Azerbaijani students to study for doctoral candidacy at universities of Ukraine. He also underlined the effectiveness of establishing ties between secondary schools and organizing mutual visits.

Further, there were exchanged views on other issues, and made proposals on strengthening of cooperation in the education field.
