Speaking at the opening of the meeting, Education Minister Misir Mardanov talked about steps taken to implement an accreditation of higher and secondary special education institutions operating in the country, and stressed that this work serves to the improvement of quality in the education.

Misir Mardanov asked to speak Senior Scientific Officer of the Department for Conceptual Problems of Education of the Institute for Education Problems, chairman of expert commission Intigam Jabrailov to give information on the additional inspection conducted at Azerbaijan Teachers Institute as discussion on results of accreditation of this Institute has not been completed in the previous meeting.

I. Jabrailov gave information on works done at Azerbaijan Teachers Institute. According to him, over the last years, the Institute has attached a special meaning to the professional development and retraining of its personnel, as well as taken relevant steps to improve their quality indicator. During the academic year, the Institute has given a wide berth to the calendar + topic plan, subject curriculums, and interactive training within an action plan. Moreover, there were taken steps to involve personnel of its affiliates in professional development training, and conduct scientific – practical conferences, round tables, training courses, open lessons and business meetings on different topics. I. Jabrailov also talked about works done in the field of expert retraining and international relations of Azerbaijan Teachers Institute, and informed attendees on the conclusion of the Accreditation Commission.

Next, Chairman of Accreditation Commission for Western University, Associate professor of Department for Computational Mathematics and Informatics of Azerbaijan State Economic University Abulfat Palangov noted that the Commission inspected the level of specialist training at the University by analyzing the situation on organization and implementation of education on specialties, as well as its conformity with state education standards. He gave detailed presentation on organizational and legal provision of university, content and structure of personnel training, its students, scientific + research activity, personnel provision, management of university and its logistical base, as well as international relations of institution. Moreover, he gave information on survey results held to check the knowledge level of final year students in the bachelor's degree, and noted the conformity of the activity of university with specified criteria for its status.

Chairman of Accreditation Commission for Khazar University, Director of Foreign Language Department of Azerbaijan State Pedagogical University Gulchohra Aliyeva gave information on normative – legal provision of the university and its structure. Talking about the pedagogical personnel, lesson plan structure, education programmes requirements, scientific – research centers, and graduates studied abroad, G. Aliyeva noted that Khazar University has occupied a place at the world universities rankings. She also gave information on logistical base of the university, financial provision, and survey results held to check the knowledge level of final year students.

Next, questions taken from attendees of the meeting were answered, and some proposals were put forward,

Education Minister expressed his views on the inspection held at three universities and gave his recommendations. Talking on responsibilities of Azerbaijan Teachers Institute for training pedagogical personnel in accordance with the latest requirements, the Minister noted that the Institute will be provided the necessary assistance to solve existing problems. Moreover, the Minister have talked on the activity of Western University and Khazar University and underlined their achievements and steps taken to implement the innovations.

At the end, Accreditation Board has made a decision about the accreditation of Azerbaijan Teachers Institute, Western University and Khazar University.
