

---

The seminar was held by Strategic Analysis, Planning and Personnel Management Department of the Ministry of Education within the action plan of sub-component 'Improvement of education management system, development and use of rules regarding teaching specialty' within Second Education Development Project and strategic plan of the Ministry.

The main goal of the seminar is to discuss results of monitoring for strategic planning prepared by district (city) education departments (institutions) for 2011/2012 years and next strategic plans for 2013-2015. Moreover, it also aims to improve management system by using strategic planning mechanisms in districts (cities). The seminar was attended by officials of Baku City Education Department, Sumgayit Education Department, Ganja Education Department and other district (city) education departments (institutions).

The attendees were given information on results of monitoring for strategic planning prepared by district (city) education departments (institutions) for 2011/2012 years, next strategic plans for 2013-2015, establishment of relevant working group, attraction of interested parties to this process, etc. Moreover, practical works were carried out at groups and questions taken from participants were responded.

At the end of the seminar, participants were given information to submit next strategic plans of district (city) education departments (institutions) for 2013-2015 to the Strategic Analysis, Planning and Personnel Management Department of the Ministry of Education until October of this year.
