

---

Speaking at the opening of the event, Education Minister Misir Mardanov noted the importance of “E-education” competition. According to him, the main goal of the competition is to promote the use of electronic resources for education and internet technologies in the education process, as well as community awareness in this field, and encourage teachers actively used information technologies. The competition has been organized within “State program on informatization of Education System in 2008-2012” and supported by “Microsoft Azerbaijan”, “Education for the future” program of the Intel Cooperation, as well as organizations of AzEduNet, Ultra, “Nar Mobile”, HP and Madad.

Next, the Minister talked about attention paid by President Ilham Aliyev to the education field and people working for this field. He underlined the Presidential orders on “Awarding the winners of best secondary school and best teacher competitions” as an obvious example of his attention. Praising the “E-education” competition as a continuation of above mentioned competitions the Minister noted that all implemented works serve to improve the quality of education by strengthening the innovative activity.

According to the Minister, the competition was organized in 2 directions - “Electronic educational resources” and “Internet technologies in the education.” He added that 817 contestants have taken part in the competition, which was held for the third times, and 112 nominees were chosen among submitted projects from which 16 winners were selected. Misir Mardanov noted that “The most active regional school” of the competition was chosen as well. According to statistics, 235 projects were submitted from Baku, 229 from Ganja, 109 from Ismayilli, 71 from Sumgayit and 173 from other regions. The most active regions were Ganja, Ismayilli, Zagatala, Gakh, Agdash, Khachmaz, Ujar and Sheki.

At the end of his speech, the Minister has thanked everyone, who contributed to the conduction of the competition, congratulated the winners and wished them every success in their future activity.

At the end, the winners of the competition were presented diplomas, laptops, netbooks and other prizes.
