

---

Education Minister Misir Mardanov expressed his pleasure to welcome the guests at the Ministry. He highly praised the provision of International Baccalaureate Program in Azerbaijan and expressed his belief in a successful implementation of the project.

According to the Minister, the period of study for the IB program is 12 years and students successfully completed the program will be granted a certificate recognized by all world's leading universities. Noting the program is being implemented at one of the primary classes of school-lyceum No.6, the Minister underlined the first step has been met with great interest.

In their speeches, Director of International School of Bern, Switzerland, Kevin Page, member of Association of IB World Schools Supervisory Board Vladimir Kuskovski and President of Caspian Investment Center Elshan Musayev gave detailed information on IB program and shared their views on implementation mechanisms of the project. It was noted that the compliance of curriculum implemented at secondary schools of Azerbaijan with requirements of IB program facilitates the implementation of the project.

At the end, questions taken from journalists about the application of IB program were answered.
