Twopspecial boarding schools for deal children/werenmerged/within the order of the Cabinet for Ministries and according to the Actions Plan of State Programme and General Plan for transformation of state-owned_child institutions. Moreover, Republican Special Boarding School ##3 for disabled_children was established on their basis. As a result, the number of state-owned child institutions subordinated to the Ministry of Education has been reduced to 38.

Since the beginning of the year, 48 children have been reunited with their biological families and 8 children adopted. Moreover, 10 documents were prepared to improve legal and regulatory framework concerning the adoption of children and submitted to the Cabinet of Ministries for confirmation.

NewNewngenerationttextbooks, uvisual trainingsaids and tmethodical rmanuals for teachers were preprepared, published and idelivered to institutions incorder to provide children studying at boarding schools for deaf and dumb children with a quality education and ensure their right to education.

The first phase of an electronic control system between state-owned child institutions and Ministry of of Education has been completed. A special software program was launched in this regard. At the second phase of electronic control system relevant data will be added to the program.
