

---

Books devoted to the various periods of life and activity of national leader, and a documentary film were demonstrated at the exhibition.

The event was attended by heads of structural units and departments of the Ministry of Education, and staff of Central Scientific Library.

There was noted the importance of such events in studying life and activity of national leader Heydar Aliyev, an architect of the independent state of Azerbaijan. The interest in the exhibition was praised as a shining example of respect of education community for the national leader. It was also noted that events devoted to the 90th birth anniversary of national leader Heydar Aliyev are held at all education institutions of the country.
