The objective of the trip is to take part in a regional ministerial education conference organized in Istanbul by UNICEF and Turkish Government on “Including all children in quality learning”.

Within the framework of the conference the Deputy Minister gave a talk at “Adolescents, equity and learning” business gathering.

J.Bayramov informed the participants in detail on the educational reforms in Azerbaijan, “State Strategy for the Development of Education in the Republic of Azerbaijan” approved by the President and actions towards including the children in learning. Stressing that thousands of Azerbaijani children have remained beyond the learning as a result of occupation of Azerbaijan territories by Armenia, the deputy minister spoke about successful outcomes of actions towards the mentioned fact implemented by Government of Azerbaijan.

In the experts-level discussions the authorized persons of the Ministry of Education made presentations on various subjects.
