

---

In the opening ceremony, Jeyhun Bayramov, Deputy Minister of Education of the Republic of Azerbaijan, Choi Suk-in, emergency and authorized ambassador of Korea to Azerbaijan, Mrs. Kim In-suk, representative of Korea International Cooperation Agency (KOICA), Sang Pil Chan, head of Azerbaijan representative of "Samsung Electronics" Company in Azerbaijan, took part.

Note that a special class established in the educational complex # 1132–1134 has been provided with 35 tablets, a laptop, a whiteboard and a printer with the appropriate software.

Jeyhun Bayramov, Deputy Minister of Education of the Republic of Azerbaijan, greeting the participants expressed his gratitude to the Government of Korea, Korean Embassy to Azerbaijan and "Samsung Electronics" Company on behalf of the Ministry of Education. Highly valuing the opening of a class provided with a whiteboard and tablets, the deputy minister stated that such initiative by "Samsung Electronics" Company of which corporate social responsibility is of special attention was estimable.

J. Bayramov mentioned the establishment of an educational system with advanced technologies infrastructure was of significance for improving the quality of learning. Adoption of advanced, innovative training methods in practice, intensive use of ICT in learning is main factors of modern courses, activities of a modern teacher. Preparation of competent teachers applying innovative training forms and methods, achieving efficient assimilation of educational content and application of innovative management are significant as well.

Stating that the number of pedagogical staff, trained in special preparatory courses on information and communication technologies at general education school, was more than 100 000 countrywide, the deputy minister mentioned the improvement of ICT-based training methodology infrastructure was one of the priorities. From this standpoint, "State Strategy for the Development of Education in the Republic of Azerbaijan" is significant because of consideration of provision of educational establishments with internet and each pupil at secondary education schools with computer-tablets with e-lessons.

Emergency and authorized ambassador of Korea to Azerbaijan, Choi Suk-in and head of Azerbaijan representative of "Samsung Electronics" Company, Sang Pil Chan took a speech on importance of «Samsung Smart School» program and expressed their gratitude to the Ministry of Education for the support to mutual collaboration.
