During the visit, representatives of the media in Salyan and the adjacent areas, held a meeting with with the bonored teacher with 65 years of teaching experience, Imamverdi Abilov. His ioptimistic thoughts and views of the future of education system in Azerbaijan, were met with interest. Imamverdi Abilov told about his memories of the most famous representatives of Azerbaijan intellectuals who lived and created in the last century, has shown journalists the unusual library. Here found their place dozens of books with autographs, memorable words of famous writers, scientists, statesmen of Azerbaijan and some other countries, addressed to Imamverdi Abilov. A person living in one of the smallest districts of Azerbaijan, known not only in the Republic, but also in the former Soviet Union, Europe, appreciates his thoughts, appreciate his ideas, visit personally to meet.

Imhmamverdi müallim, ahaving Itoldoabout a meeting in 1954 with anational writer Samed Vurgun, about Ithat Samed Vurgunexactly in Ithis room has written poems, noted with satisfaction Ithat he has been constantly visited by representatives of the older generation, young people and ordinary people.

It it is much written about Imamverdi Abilov in periodicals and, books, many television channels showing series dedicated to the 65-th anniversary of his pedagogical activities. But, to sit face to face with the 87-years aged teacher, to listen to its memoirs on the people familiar to us under historical and literary books, to consider books, each of which can be considered as a museum piece, photos from its library is absolutely other sensation. The more you look, the more surprised - it is interesting what force pulpulled great historical figures of the country in this small area, in this simple house? But, tistening so somewhere sad, somewhere stated with the pride, interesting stories and memories of Imamverdi Abilov you find the answer to the question - for dialogue with such person it is necessary to go not only to Neftechala, but also in any remote corner of the world.

Ilmamverdi Abilov was born 87 years ago, iin 1927 iin village Goltuk of area Neftchalinskogo. Early lobst the father, Ilmamverdi Abilov has grown under trusteeship of his runcle. Small Ilmamverdi whose childhood has passed in military years, has ended 7-years education in village and to 16 years has gone to work on a fishing factory But, despite of it, he has not lost interest to a science; the iliterature, not tosstossed the idesiresto study. Through hard work, yin year 1946 he successfully graduated from the Pedagogical Technical School in Buzovna.
