
Although both of bodies- The Ministry of Education and The Ministry of Internal Affairs came to conclusion separately during initial investigation of event, special commission has been established by purpose to perform additional verification for detailed investigation of problem by The Ministry of Education. Administration of boarding school No. 7 and other persons mentioned in this problem, have been removed from their post during activity period of commission and management of educational establishment have been delegated to relevant responsible persons.

During initial investigation of commission it was concluded that, video spreaded in media didn't take place on the same date, it was shooted before and it was spreaded to media after official declaration of both of bodies regarding with problem. If goal of the persons who spreaded video were support in operative and comprehensive investigation that, this video would present to state bodies in advance. Spreading of this video on this sequence after declaration initial opinion of official bodies without appeal to state bodies as well as The Ministry of Education, creates certain questions.

At the same time, by purpose to comprehensively learn reason of the processes and event, law enforcement bodies have been appealed.
