Different program will be applied for study of higher competitive pupils in the lyceums also favourable condition will be created for training of talented pupils for local and international olympiades. In order to ensure higher training level of the pupils of both lyceums that have experienced teaching staff distinguished by their traditions, relevant material-technical base will be created. At the same time, the pupils will be equipped with daily meal and if needed hostel.

Admission examinations in the lyceums will be held under two phases on August 15-16, 2014. Psychological test will be conducted in order to determine intellectual potential of the candidates. Pupils of VII grade will pass examination on the subject of Azerbaijan language and mathematics, the pupils of VIII and IX on the subject of Azerbaijan language and mathematics, physics, chemistry and biology according to profile of the lyceums.

Pupils who want to take part in the contest can apply with application to admission commissions till August 12.
