

---

Results of this phase will be announced within 15 days.

3473 pupils took part on Baku city in the olympiades but 20600 pupils on the regions. IX, X və XI grade pupils demonstrated their knowledges on the subjects of Azerbaijan language and literature, history, geography, mathematics, physics, chemistry, biology and informatics.

Tasks have been compiled by jury under school program in the form of close test questions. Number of the pupils who made interest to knowledge contest on the subjects of Azerbaijan language, literature and mathematics was more in the region (town) phase. Relatively few pupil took part in the olympiades on the subjects of informatics and biology.

Pupils who achieved success in this phase, will take part in the semi-final round of Republic phase.
