

---

The camp, organized within the framework of "Reintroduction of gazelles to their historical habitat areas in Caucasus" program, was attended by 30 pupils from secondary schools of Gurbanzade, Qarasuchu, Fakhrali, Garamusali, Eyvazlilar villages of Goranboy region and Seidler, Lek, Alibayramli villages of Samukh region.

The main goal of the summer camp is to enlighten the younger generation, living in areas considered for reintroduction of gazelles, about this species.

The seminars, competitions, environmental games and studies on environmental awareness program were held in the camp for schoolchildren by the employees of the Republican Ecological Training and Experience Center of the Ministry of Education. The schoolchildren were informed in detail about the historical territories inhabited by gazelles in Azerbaijan, their lifestyle, their role in nature, the reasons for extinction of gazelles and their protection.

The camp participants carried out hydrobiological studies in the River Gumruk and demonstrated their knowledge and skills in the quiz on biodiversity and the drawing competition entitled "Gazelle is the adornment of nature".

In the end, the camp participants and the winners of the competition were awarded with diplomas of the Republican Ecological Training and Experience Center, IDEA Public Union and the representative office of the World Wildlife Fund for Nature (WWF) in Azerbaijan.
