
With the aim of making the admission process of children to 1st class an optimal and efficient, on the basis of the requirements of Decree of the President of Azerbaijan Republic "On some measures in the field of provision of electronic services by public authorities" dated May 23, 2011 the Ministry of Education of the Azerbaijan Republic decided on implementing of electronic system (e-System) since 2015/2016 academic year firstly in general education schools, lycees and gymnasiums functioning in Baku.

Saving human resources and time, spending on admission of documents, systematization of pupil contingent registration process and opportunities to get necessary information about the school are advantages of e-System.

Registration on this system of e-Application Forms of parents (other legal representative) to 1st classes of general education schools will start from March 05, 2015 till September 15, 2015 via www.mektebeqebul.edu.az web page. Registration of e-Application Forms by parents (other legal representative) can be made online or by e-documents admission commission organized in each school, or/and in an alternative documents admission commission working in each ward (administrative region) of Baku.

Admission to 1st class of education schools, lycees and gymnasiums functioning in Baku by competitive examination will also be implemented by e-system from March 15, 2015 till April 15, 2015 and contests (exams) for elimination will be carried out from 15th of April till 15th of May, 2015. As a result of contest, parents (other legal representative) of children failed exams, have right to choose in that system general education school once again.

e-Application Forms of parents (other legal representatives) of children with unusual talent who will be turning 6 year-old by September, 16 - December, 31 will be registered to schools, lycees and gymnasiums, admitting by contest, from March 15 until April 15 and in the period of July, 31-31 e-Application Forms will be registered to general secondary schools.

From July, 13 till July, 31 they will take part in an interview (except of those who succeed in exams to schools, lycees and gymnasiums hold by contest and graduates of pre-school groups organized by the Ministry of Education) hold by Commission, organized in each administrative region of Baku on the base of regulations about "Early admission of children with unusual talent to 1st class".

Generally it should be mentioned, that the applied e-System does not consider any changes in existing (working) procedure of admission to 1st class.

Trainings for users, informational videos and call center service provided in Educational Institution in Baku (over the city) will make the use of e-System easier for citizens.
