

---

We would like to bring to citizens' attention that the Ministry of Education of Azerbaijan Republic does not cooperate with any company in connection with higher education in Hungary at the expense of budget funds of this country within the framework of the "Work Programme for the years 2015-2017 between the Ministry of Education of Azerbaijan Republic and the Ministry of Human Resources of Hungary" signed on November 11, 2014, and assumes no responsibility for the activities of these companies.

In addition, we would like to note that the promises, made by any company or person to the applicants, play no role during the selection process. Citizens are asked to inform Call Center of the Ministry of Education ("hotline" service) 146 about such promises.

Taking into account that information about the scholarship program has been placed on social networking sites and various press agencies, we would like to advise our pupils and students, who intend to get higher education in Hungary, and their parents to refer to the information posted on the website of the Ministry of Education as the main source of information.
