

---

For the attention of citizens! The Ministry of Education of the Republic of Azerbaijan does not maintain cooperation with and is not responsible for activity of any Hungary-funded educational company under "The 2015-2017 Working Program between the Ministry of Education of the Republic of Azerbaijan and the Ministry of Human Capacities of Hungary", which was signed on 11 November, 2014.

We also note that any promise given to applicants by any company or person will not matter during selection. Those who face such a problem are requested to report to the Ministry of Education through its 146 hot line.

Given the reports on scholarship programs spread by different media and social networks, we advise pupils and students who want to get higher education in Hungary as well as their parents to refer to the website of the Ministry of Education as the main and authoritative source of information.
