

---

Minister of Education Mikayil Jabbarov received members of the World Bank's education and labour market diagnostics mission on September 22.

They discussed higher education and business incubators, the Systems Approach for Better Education Results, SABER initiative, and labour market diagnostics.

They also exchanged views over Azerbaijan's future activity in these areas.

Minister Mikayil Jabbarov highlighted reforms carried out under the "State Strategy on the Development of Education in the Republic of Azerbaijan".

They also discussed world practice of development of education and future measures relating to education reforms in Azerbaijan.
